

```
public static void main(String[] args)
```

```
{  
    for(int i = 0; i < 420; i=i+1 )  
    {
```

```
        System.out.println("work smarter");
```

```
    }
```

```
}
```

```
public static void cheat()  
{
```

```
    //This tool is not for cheating  
    if( && || >= <= ){
```

```
        //its for saving time :D
```

```
    }
```

```
}
```

```
